

Ref: Notice on EU Ecodesign Directive – Variable Speed Drives

Date: March 18, 2021

Dear customer,

Responding to your inquiry, please find below an overview on our policy and actions in relations to the Commission Regulation (EU) 2019/1781, laying down Ecodesign requirements for electric motors and variable speed drives pursuant to Directive 2009/125/EC of the European Parliament and of the Council, as amended by Commission Regulation (EU) 2021/341.

Target product categories from Article 2 and applicable deadlines of "(EU) 2019/1781":

Product categories	Deadline
Variable speed drives with 3 phases input.	01/07/2021

To ensure timely compliance to the Commission Regulation (EU) 2019/1781 for our Variable Speed Drives, we're in constant touch with our Business Unit and Partners.

In case you have any questions feel free to contact your Omron representative.
